1) Začínáme ze základu na vodní bombu (waterbomb base).

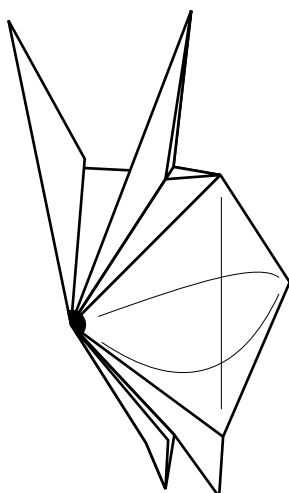

2) Králičí uši.

3) Zopakovat kroky 1 a 2 vzadu.

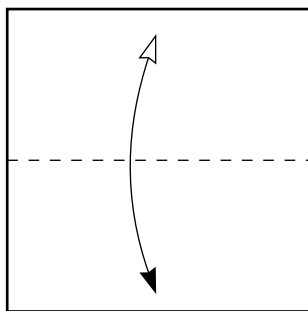

4) Uchopit za cípy dole (modré puntíky) a opatrně nafouknout. Nahoře vylezou rohy.

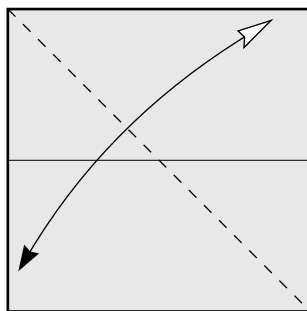

5) Nafouknutý čertík, jak vypadá zezadu.
